Reporting Officer KLEIS, KEVIN	Officer Rank INVESTIGAT	Officer ID No WN765	Officer Org/Unit FWCS\SO REGION B\COLLIER INVEST	
Officer Signature 	Officer Agency FLORIDA FISH AND WILDLIFE CONSERVATION COMMISSION			

On Wednesday, December 29, 2021, I, Investigator Kevin Kleis of the Florida Fish and Wildlife Conservation Commission (FWC), was off duty when I received a call from a Collier County Sheriff's Office (CCSO) deputy regarding a tiger incident at the Naples Zoo, Collier County, Florida. I notified FWC Captive Wildlife investigators, my supervisor, and FWC dispatch of the incident and responded to the Naples Zoo.

Once at the zoo, I learned that a single victim had jumped a barrier fence designed to keep the public away from the tiger enclosure. The victim had his arm bitten by the zoo's Malayan Tiger, while it was still in its enclosure. The victim was identified as Mr. River Rosenquist (DOB 10/16/1995). Mr. Rosenquist had his left arm bitten and pulled through the fence. Mr. Rosenquist was able to call 911, and state that he was being attacked by a tiger. CCSO, Naples Police, Fire Rescue, and EMS responded to the scene. A sergeant with CCSO was the first law enforcement officer on scene and observed the tiger still biting Mr. Rosenquist's arm. The sergeant fired a single shot with his sidearm at the tiger, striking it, which caused the tiger to release its grip. The tiger died on scene.

Mr. Rosenquist was deemed to be a trauma alert and was flown to Lee Memorial Hospital in Lee County, Florida for treatment.

CCSO major crimes detectives and CCSO crime scene units were already on scene documenting the incident upon my arrival.

I took several photographs of the scene and the deceased tiger that was involved.

Nothing further at this time.

On 12/29/2021 at 1948 hours, I, FWC Officer Grant Self, responded to Lee Memorial Hospital at 2776 S Cleveland Avenue in Ft. Myers, FL in reference to a tiger "bite incident", which occurred at the Naples Zoo.

At the above listed time and location, I arrived at the hospital and was taken to the victim, identified to me only by name and DOB (date of birth) as "Rosenquist River" (10/16/1995).

The victim was in an ER room unconscious and intubated upon my arrival. I activated my body worn camera prior to walking into the ER room but turned it off when I found the victim in his current state. No statement was able to be taken while I was on scene from the victim. The following information was obtained and recorded on an FWC Hospital Response Information Form (attached to this ISR):

- Victim Time of Arrival: 1922 hours
- Victim Method of Transport to Hospital: By Air, Med Flight 1
- Description of Victim's injuries: "mostly amputated left arm with open fracture, small cut to right wrist" · Victim's Condition: Non-life threatening and stable
- Name of Treating Physician: Dr. Alfaro
- Name of Nurse Providing Information to Me: Hayley Katz, RN - She stated the victim had an odor of alcoholic beverage about his person upon placing him into intubation.
- Other Notes: victim in possession of possible zoo or animal keys, no wallet, and torn miscellaneous clothing. Victim also came into ER with tourniquet applied on left arm.

Shortly after completing the above form, the victim was moved from the ER into a surgical room. I was allowed (upon my request) to dress out in sterile, medical scrubs and enter the surgery room to document the injuries sustained from the "bite incident" by photograph on my state issued camera.

Pictures were taken of the injury site of the victim's left arm after the wound was undressed by medical staff (see pictures attached). The left arm was to be amputated due to the severity of the damage sustained to the arm.

Throughout my time spent at Lee Memorial Hospital, I stayed in close contact by phone call with Lt. Stuart Spoede and Investigators (II) Mia Ruggiero and Lex Corteguera of my findings. At 2223 hours, I left the hospital.

On 12-29-21 at approximately 1900 hours I, Inv. L. Corteguera with the Florida Fish & Wildlife Conservation Commission (FWC) received a call from FWC Inv. M. Ruggiero stating that there was an incident at the Naples Zoo involving a tiger. The zoo is located at 1590 Goodlette-Frank Rd, Naples, FL 34102. I contacted the zoo's Director of Animal Programs Lee Ann Rottman by phone. Ms. Rottman confirmed an incident involving their tiger and a subject that was transported to an area hospital. Ms. Rottman informed me that the tiger never left its enclosure and was contained therein. I confirmed with Ms. Rottman that the tiger did not pose a current threat to public safety. Ms. Rottman later informed me that the tiger in question was deceased from a single gunshot wound. The incident occurred after hours when the zoo was closed to the public. The zoo closes to the public at 1630 hours and the sheriff's office received the 911 call from the subject involved at 1826 hours. The subject used his own cell phone to make the call.

The subject identified as River Steven Rosenquist D.O.B. 10-16-95 was air lifted to Lee Memorial Hospital located at 2776 Cleveland Ave, Fort Myers, FL 33901. FWC Ofc. G. Self responded to Lee Memorial Hospital. During intake at the hospital Registered Nurse Hayley Katz stated that she noted an odor of alcoholic beverage emitting from River Rosenquist during intubation. FWC Lt. K. Balfour, Inv. K. Kleis, Inv. C. Yanez & Inv. M. Ruggiero responded to the scene at the Naples Zoo. No witness information was able to be obtained as there were no eyewitnesses on scene during the incident until Collier County Sheriff's Office Deputies arrived. See Inv. K. Kleis' and Ofc. G. Self's incident summary report narrative supplementals for further details.

On 12-30-21 at approximately 0835 hours, I conducted an inspection of the Naples Zoo in response to the incident. The tiger in question was an 8-year-old male Malayan tiger named Eko who weighed approximately 250 pounds. The zoo has a valid FWC license to possess and exhibit the tiger which expires on 10-21-22. The zoo has a valid USDA license to possess and exhibit the tiger which expires on 4-7-22. The cages of the facility are bounded by an 8-foot-high perimeter fence with three strands of barbed wire on the top. I observed a detailed critical incident/disaster plan kept on file. I observed records of acquisition for the tiger. The tiger's enclosure is equipped with lockdown systems as

required. The tiger's enclosure is equipped with a structural safety barrier to prevent unauthorized access to the tiger's enclosure. The structural safety barrier is posted with a sign stating, "DANGER AUTHORIZED PERSONNEL ONLY". The tiger's enclosure is open top with 13-foot-high walls made of 7-gauge steel welded wire with a 5-foot, 45-degree, inward angle overhang. The connecting material used is made of 9-gauge steel wire. FWC Inv. D. Fowler used a Faro 3D laser scan to document the scene and the tiger's enclosure.

I interviewed the zoo's Director of Animal Programs Lee Ann Rottman and obtained a sworn written statement from her which is attached to this report. Ms. Rottman stated the subject River Rosenquist works for HMI Commercial Cleaning, which is the zoo's contracted cleaning service. They are contracted to clean the zoo's offices, bathrooms, admissions building and hospital. Ms. Rottman stated that based on the location of the incident, Mr. Rosenquist had to have jumped over the structural safety barrier to get near to the tiger's enclosure. At that point the tiger could have only made contact with him if he put his hand through the tiger enclosure's fencing. Ms. Rottman stated that per the zoo's written agreement with HMI, Mr. Rosenquist was outside the scope of his duties and that he was not authorized to breach the posted structural safety barrier.

On 12-30-21 at approximately 1322 hours, I arrived at Lee Memorial Hospital to check on the status of River Rosenquist. Mr. Rosenquist sustained severe injuries to his left arm (pictures are attached to this report). He arrived at the hospital in a tourniquet with his left arm mostly amputated with a compound fracture. During my visit, Mr. Rosenquist was alert with his hand still attached. I identified myself and informed Mr. Rosenquist that I was investigating the incident. He stated that the surgeon gave him hopes of keeping his hand. I left a business card with my contact information with his father, who I identified through a Florida driver's license as Anthony Robert Rosenquist D.O.B. 6-2-71.

On 1-5-22 at approximately 1000 hours, I met with Detective Scott Pepin with the Collier County Sheriff's Office. Det. Pepin is the lead investigator for the sheriff's office in this joint FWC and sheriff's office investigation. We met at Lee Memorial Hospital to conduct a joint interview with River Rosenquist. Mr. Rosenquist was in a room and alert with his hand still attached. Det. Pepin identified himself to Mr. Rosenquist and I informed him that we were there to get his side of the story regarding the incident. Mr. Rosenquist stated that he did not wish to make any statements and provided us with the name and phone number to his defense attorney, Rita Jackman (239) 878-7676. We departed without further incident.

At the conclusion of my investigation, I found no violations as it relates to the Naples Zoo. Mr. Rosenquist had to have breached the posted structural safety barrier by jumping over it and inserting his hand or arm into the tiger's enclosure, leading to this incident. Structural safety barriers are designed to keep unauthorized persons from getting within close proximity to dangerous wildlife enclosures for safety reasons. I used my agency issued body camera and picture camera for
